

POLA CELANA KARET

step by step graphic tutorial

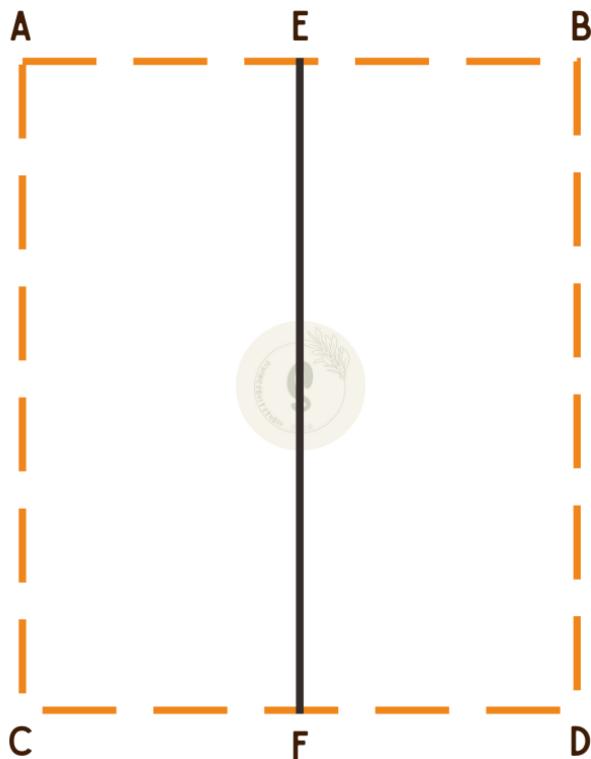

Buat persegi panjang dengan garis putus-putus
Ukuran:

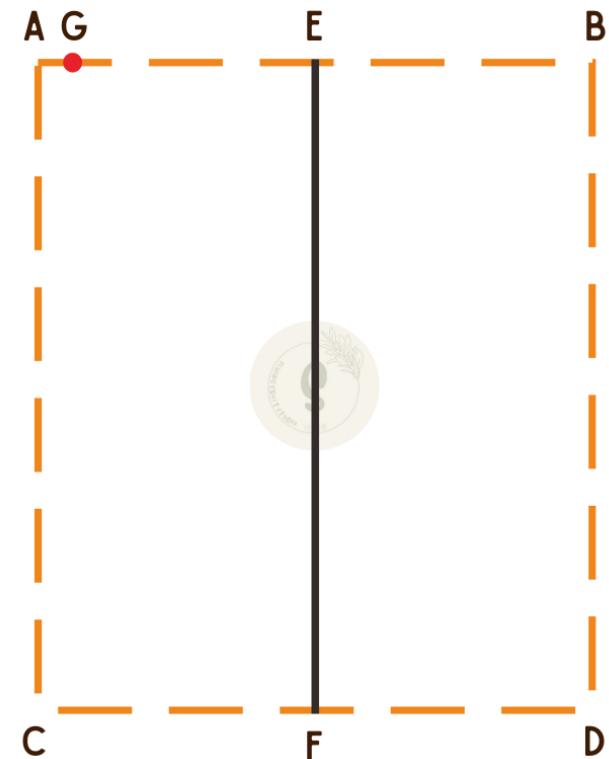

- $A-B = 1/2$ lingkar pinggul
- $A-C = \text{panjang celana} + 3 \text{ cm}$
- $C-D = A-B$
- $B-D = A-C$

$$E = 1/2 A-B$$

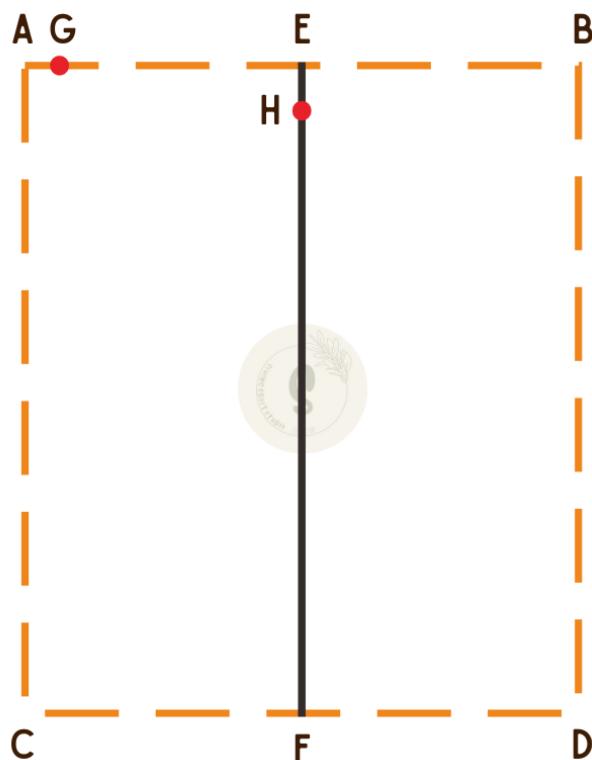

$$F = 1/2 C-D$$

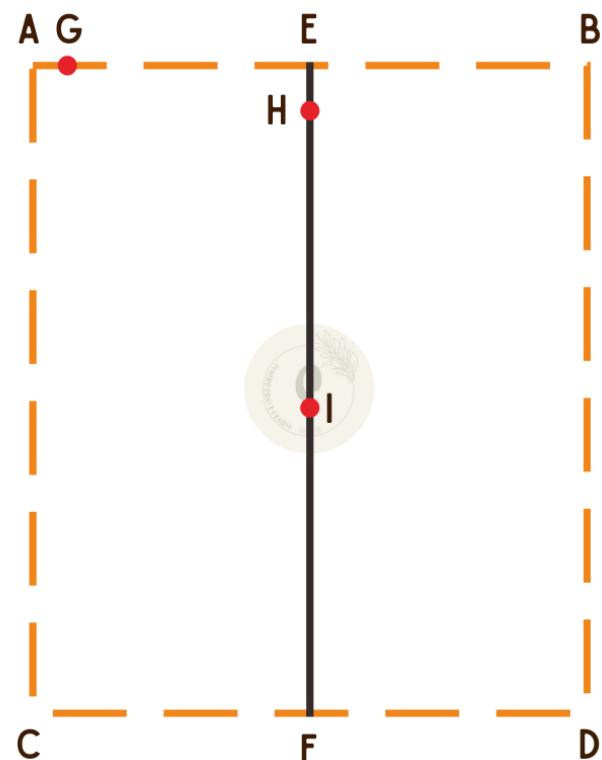

Hubungkan titik E dan F

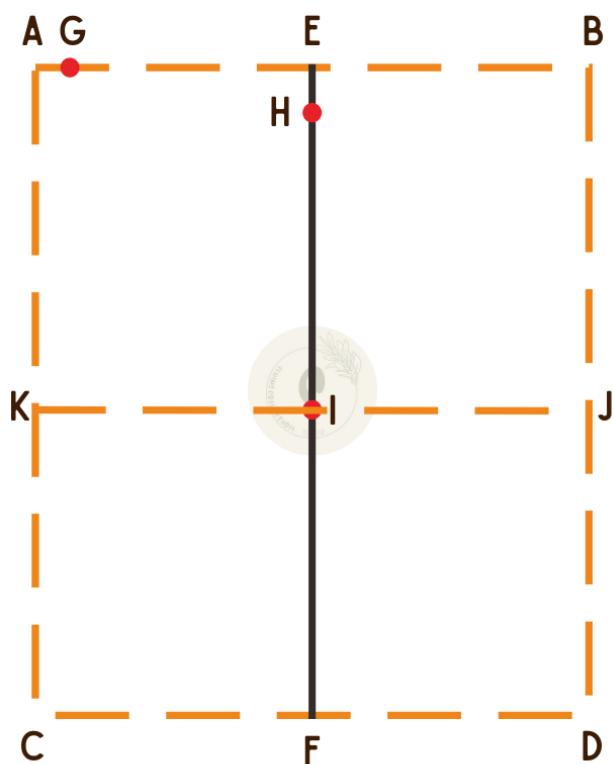

$$A-G = 1 \text{ cm}$$

$$E-H = 3 \text{ cm}$$

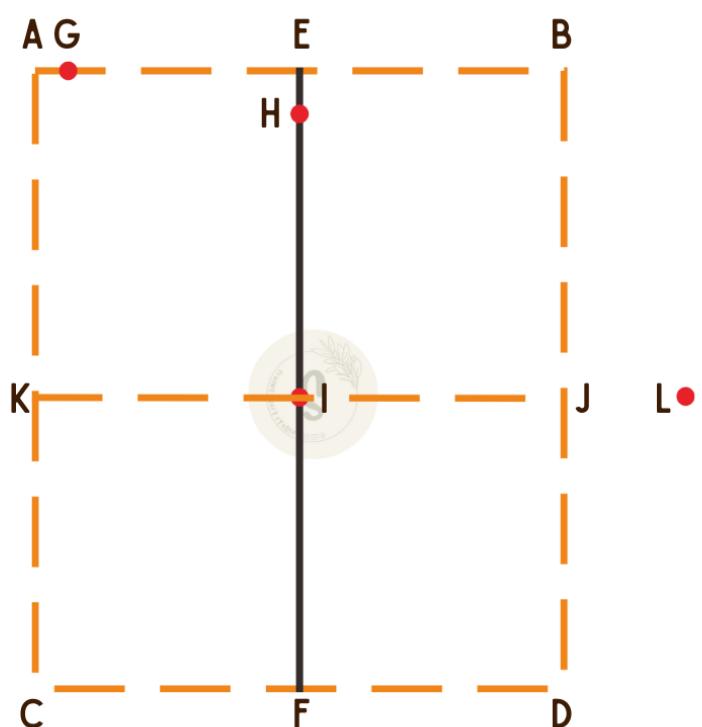

$$H-I = \text{tinggi duduk}$$

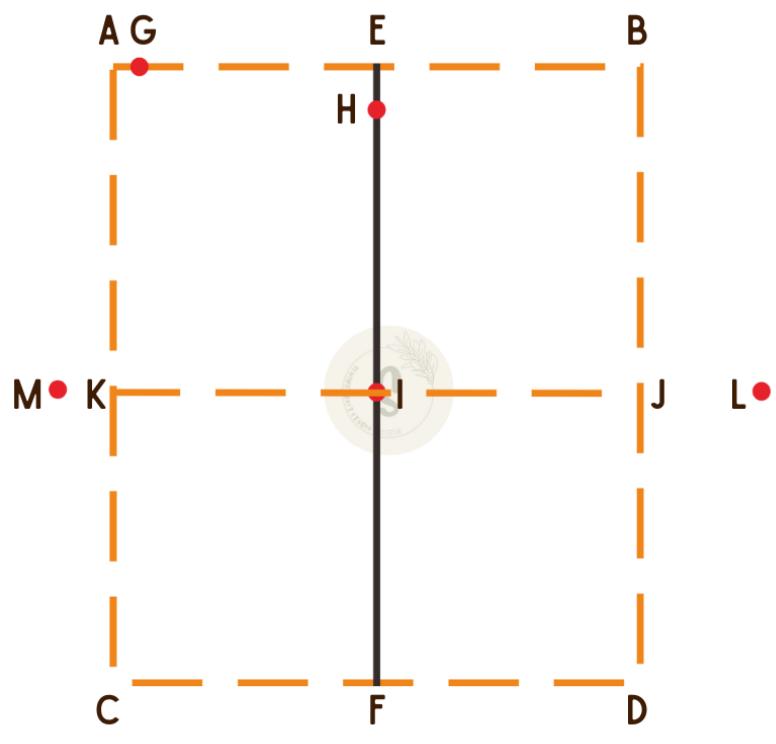

Tarik garis lurus dari titik I ke kanan,
tandai sebagai J

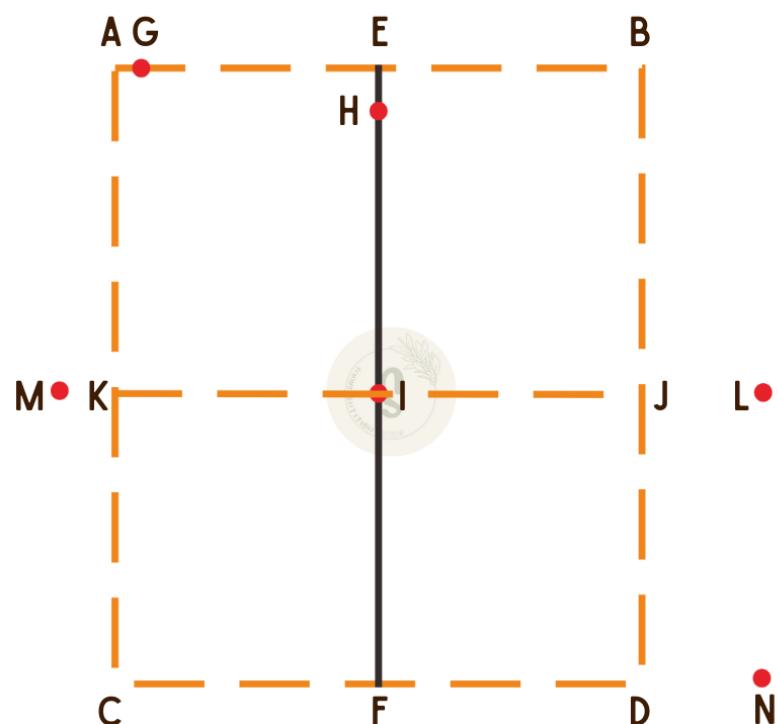

Tarik garis lurus dari titik I ke kiri,
tandai sebagai K

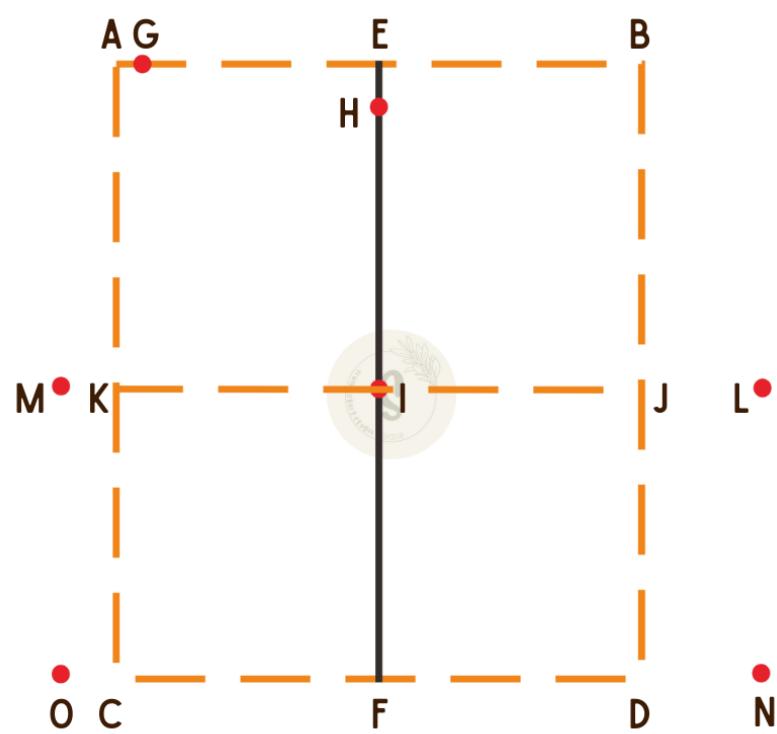

$$J-L = 1/3 H-I$$

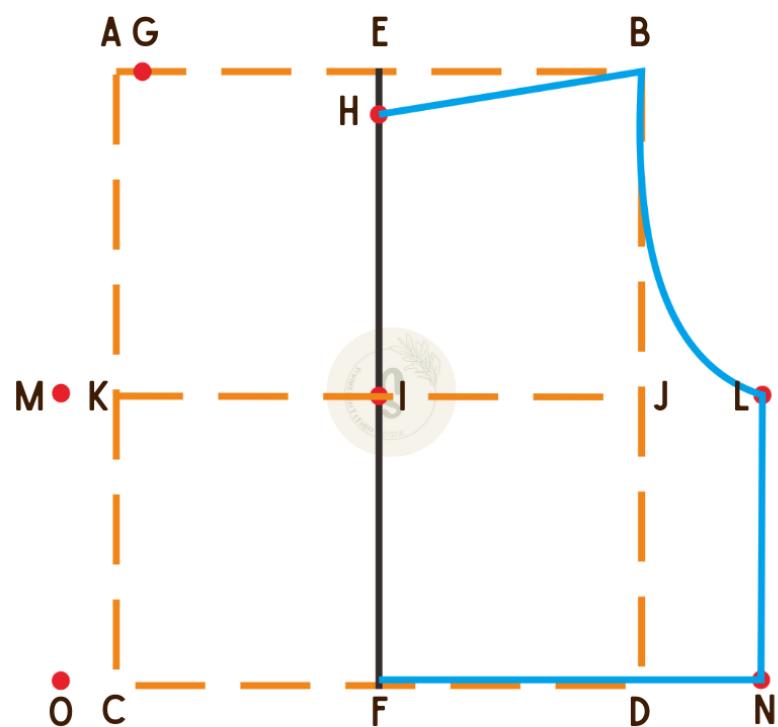

$$K-M = \frac{1}{2} J-L$$

$$D-N = J-L$$

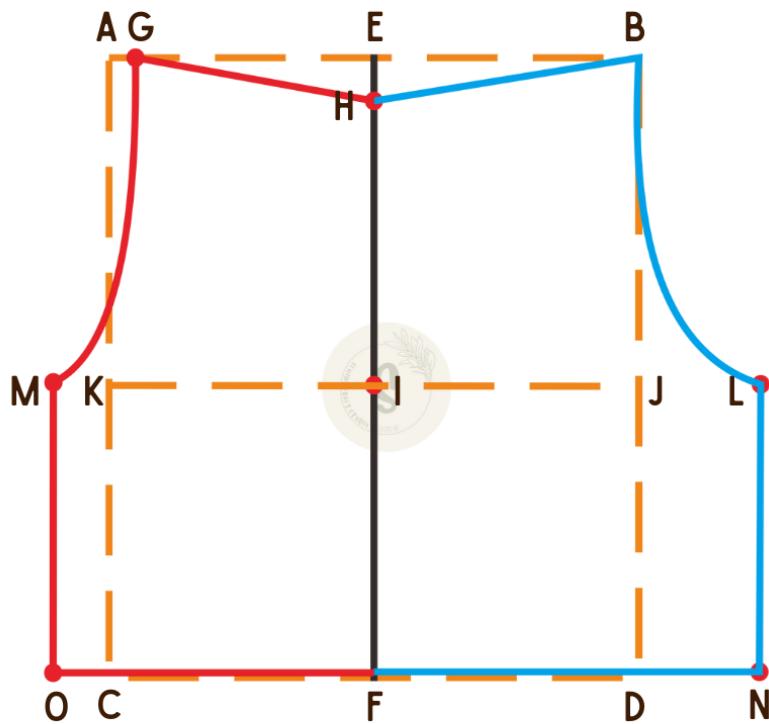

$$C-O = K-M$$

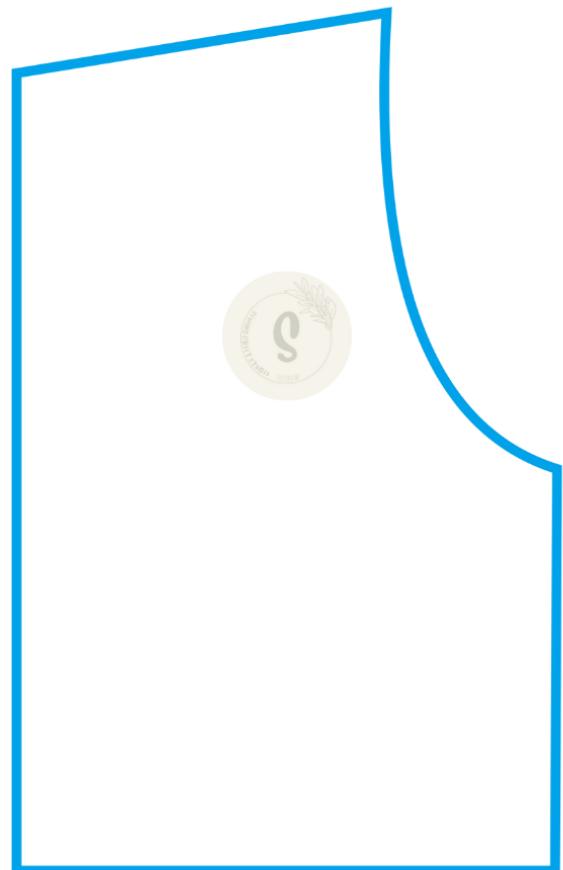

Hubungkan titik H-B-L-N-F

Ini adalah pola celana bagian belakang
Tandai dengan pensil biru

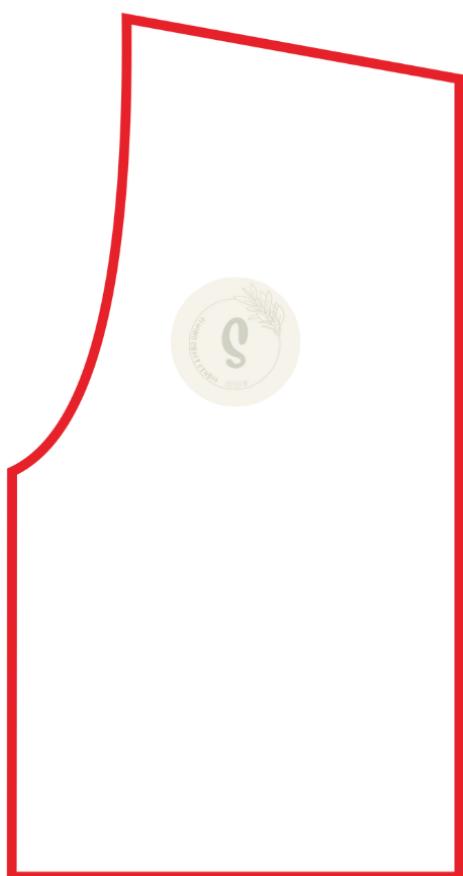

Hubungkan titik H-G-M-O-F

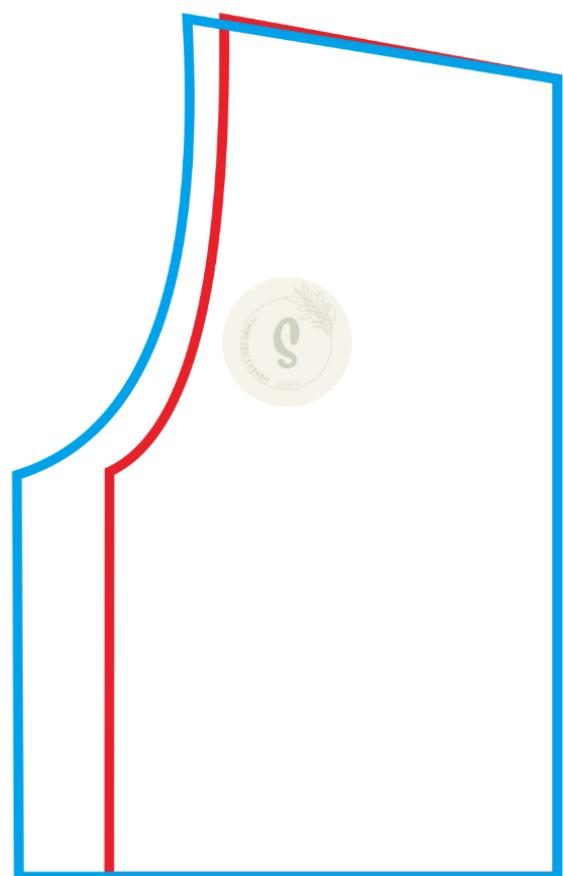

Ini adalah pola celana bagian depan
Tandai dengan pensil merah

Pola celana bagian belakang

Pola celana bagian depan

Perbedaan pola celana depan dan belakang
