

Because of space limitation, I made the page 180x180 cm.
 The whole square you can use to sew the details on.

It should be like this.

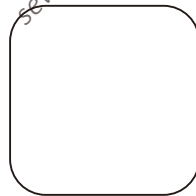

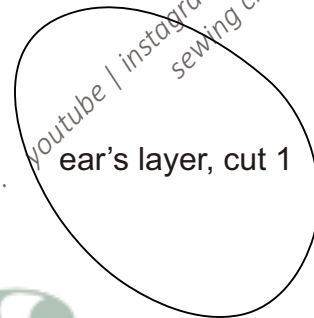

head, cut 7

balloon, cut 7

velcro loop size

ear's layer, cut 1

scs
sewing pattern by Eni

Materials needed:

1. Cotton fabric and fusible interfacing for page (replaceable with felt);
2. Hard felt (regular felt works);
3. Velcro hook and loop (you may use fabric loop to replace velcro loop).

Attention!

1. I gladly allow you to sell everything you made with my pattern (house sewer only);
2. Mass production will need separate permit, send me an email;
3. You are not allowed to reproduce and distribute the pattern in any form;
4. Buying this pattern does not transfer copy right. It remains with me.
